

July 1, 2017

To Our Valued Community Partners:

EPTA (Eastern Panhandle Transit Authority) is unable to accommodate or provide any transportation services other than those associated with our published routes.

The FTA guidelines restrict EPTA from providing service unless EPTA receives an email or letter from each of the registered private charter providers declining to provide the requested service. EPTA is not allowed to compete with the private sector.

Please use this link to see the registered providers to our service area:

<http://ftawebprod.fta.dot.gov/CharterRegistration/CharterService/CharterServiceSearchResults.aspx>

EPTA at this time does not have the staff or resources to pursue these trips on your behalf. Please feel free to reach out using the above link to registered providers who may wish to provide these services.

Please feel free to contact us with questions or concerns.

Doug Pixler
